

About Us

Yamba is the leading North West outdoor activities provider. We offer activities for groups of all sizes including schools, colleges, businesses, charities and families.

Operating for over 12 years we have established an outstanding reputation for the quality of our activities, programmes and equipment. Our customer service and engagement with our clients is regarded as outstanding. We take great pride that our team are so highly focussed on ensuring that you get the very best experience.

We are equipped and experienced in running activities either at your site or in the great outdoors. All of our instructors are nationally qualified and DBS checked.

Our Programme Director will work with you from start to finish and offers a complete planning and delivery service. Or we work with you to create a tailor-made activity.

One of the things that makes us unique is that we can provide women only teams of instructors. In our experience, this is of great benefit to women only groups and also to groups that have experienced disadvantage in some form.

Get in touch to find out more about the activities available, and to discuss your requirements in detail.

Yamba UK is the trading name of Hill Climb Activities Ltd

Schools Colleges Charities Youth Groups

Every course has been put together excellently and certainly challenge the apprentice benefiting them and the workplace by further developing their communication and interpersonal skills. We would have no doubt in recommending them for any team building events.

Kathryn Kirby, H.R.Waterside Training Ltd

Our programmes are all about confidence, self development and management skills and they are attended by diverse groups of women, from junior managers and graduate trainees to experienced business owners. Diane always ensures that our delegate groups 'gel' and really gets the best out of the individuals present. We are so glad we found Yamba.

Wendy Bowers, CEO, Role

St Mary's Catholic Academy has often worked with the Yamba team. The Yamba team are always available and willing to react to any situation reducing any anxiety when taking large groups of pupils away on extra-curricular visits. The first thing we did after returning this year was make sure we booked the Yamba team again next year! Thanks to Diane and all the team.

Matt Holden, St Mary's Catholic Academy

Action - Adventure - Achievement
